International Nurse-Midwifery Master of Science Program

INTRODUCTION OF NTUNHS

National Taipei University of Nursing and Health Sciences (NTUNHS) is known for having the best degree programs in nursing and healthcare education in Taiwan and Asia.

NTUNHS has a total of four colleges including 12 departments with graduate institutes and 6 international programs. NTUNHS is one of the best universities in Taiwan, and it also ranked number one in excellence for its International degree Programs. If you are a high achiever, then NTUNHS is the right university for you.

INTRODUCTION OF PROGRAM

In addition to equipping students with professional knowledge and skills of midwifery and enhancing training in medical guidance and consultation, we aim to cultivate students' abilities to conduct academic research or engage in medical business management in order to develop researchers and leaders in the field of mother and child healthcare, sustain human resources for clinical services, and reinforce clinical research in the field.

The program emphasizes woman- and family- oriented care for low-risk pregnant women prenatal care, labour and delivery management, postpartum care, well-woman gynaecologic care, and primary health care to essentially normal, healthy women and to care for normal newborns.

SCOPE OF CURRICULUM

1. Students require a minimum of 30 credits including Nursing Theory, Research Methodology, Advanced Applied Biostatistics, Health Assessment for Advanced Practice Nursing, Nurse Midwifery I, Nurse Midwifery II, Nurse Midwifery Field Experience, elective courses, and Master Thesis.
2. Students will earn "Master of Science (major in Nurse-Midwifery)" degree from the College of Nursing after two-year program is successfully completed.

International Bachelor's Program in Longterm Care

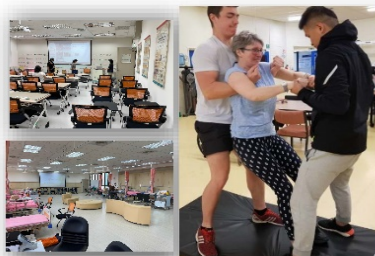

INTRODUCTION OF NTUNHS

National Taipei University of Nursing and Health Sciences (NTUNHS) is known for having the best degree programs in nursing and healthcare education in Taiwan and Asia. NTUNHS has a total of three colleges including 13 departments with graduate institutes and 3 international programs. NTUNHS is one of the best universities in Taiwan, and it also ranked number one in excellence for its international degree programs. If you are a high achiever, then NTUNHS is the right university for you.

INTRODUCTION OF PROGRAM

The bachelor's degree program aims to cultivate long-term care professionals who meet the practical needs of the industry and possess the knowledge of interdisciplinary cooperation and multi-disciplinary abilities. The curriculum is designed with a career-oriented approach, with a pragmatic and practical character, and with the concept and spirit of "learning by doing", so that students can connect with the industry and meet the future development of long-term care policy and the needs of the industry.

SCOPE OF CURRICULUM

1. Students must complete one year of Chinese language courses and two years of long-term care degree courses totaling 72 credits, for a total of three years of study.
2. Students will get the "Master of Science" degree as completed the program.
